

ARTICLE 6 SIGNAGE

6.1 PURPOSE AND SCOPE.

This section is intended to regulate and control signs and their placement throughout the Village of Misenheimer for the following purposes:

- A. To provide a pleasing overall environmental setting and good community appearance;
- B. To create a more productive, enterprising, professional business atmosphere;
- C. To allow signs appropriate to the planned character and development of each zoning district;
- D. To ensure that permitted signs do not become a hazard or nuisance;
- E. To promote traffic safety;
- F. To prevent business and advertising signs from conflicting with public safety signs; and
- G. To protect and enhance the value of properties.

6.2 APPLICABILITY.

- (A) It shall be unlawful to construct, enlarge, modify, move or replace any sign or cause the same to be done, without first obtaining a zoning permit for such sign from the village or its designee.
- (B) Notwithstanding the above, changing or replacing the permanent copy on an existing lawful sign shall not require a permit, provided the copy change does not change the nature of the sign so as to render it in violation of this ordinance.

6.3 GENERAL PROVISIONS.

The following regulations shall apply to all signs.

- (A) **Construction Standards.**
 - (1) All signs shall be constructed and installed in accordance with the applicable provisions of the North Carolina State Building Code.
 - (2) All temporary signs shall be constructed of materials and printed on by inks capable of withstanding normal weather conditions.
 - (3) All signs, except for banners, flags, temporary signs, and window signs conforming in all respects with the requirements of this ordinance shall be constructed of permanent materials and shall be permanently attached to the ground, a building, or another structure by direct attachment to a rigid wall, frame, or structure.
- (B) **Electrical Standards.** All illuminated signs shall be installed in accordance with the applicable provisions of the North Carolina State Electrical Code and all detached signs shall be illuminated by an underground electrical source.
- (C) **Maintenance of Signs.** All signs shall be maintained in good structural and aesthetic condition. Deficiencies such as chipped paint, broken plastic, missing letters and exposed light bulbs shall be evidence of a lack of maintenance.

- (D) **Obstructions Prohibited.** No sign shall be placed so as to obstruct the clear sight triangle at a street intersection nor shall any sign obstruct the view of motorists entering or leaving an off-street parking area.
- (E) **Relation to Other Building Elements.**
- (1) Signs shall relate in their placement and size to other building elements without obscuring building elements such as windows, cornices, or decorative details, except that signs may be placed on the inside of windows.
 - (2) Sign material, style and color shall complement the building façade in terms of design, scale, color, and materials.
 - (3) Individual shop signs in a single storefront shall relate to each other in terms of design, size, color, placement on the building, and lettering style.
 - (4) Signs placed on the inside of the window areas shall conceal no more than 25% of the area of the window on which the signs are located.
- (F) **Sign Lighting.**
- (1) Neon, argon and similar lighting fixtures shall not be used anywhere on the exterior of a building; however, such signs if non-flashing and non-moving may be mounted on the inside of store windows.
 - (2) Signs shall be lighted with indirect light sources (e.g. backlighting); knockout signs are encouraged. Downward facing floodlights may also be used if the light is directed only on the sign and not onto adjacent properties or roadways and the light fixtures are fully shielded from view through the use of landscaping.
 - (3) No commercial sign (other than a ground-mounted sign) within 100 linear feet of a pre-existing residential structure shall be illuminated between the hours of 11:00 pm and 6:00 am.
- (G) **Sign Height Computation.** Sign height shall be computed as the lower of: (1) existing grade prior to construction, or (2) the newly established grade after construction, exclusive of any filling, berming, mounding, or excavating solely for the purpose of locating the sign. If a sign is to be erected on a slope, the sign height shall be determined by averaging the sign's height from the lowest point directly under the sign and the highest point directly under the sign. The calculation of the height of any sign placed upon a berm or mound shall include the height of the berm or mound.
- (H) **Sign Area Computation.** The area of a sign face (which is also the sign area of a wall sign or other sign with only one face) shall be computed by means of the smallest square, circle, rectangle, triangle, or combination thereof that will encompass the extreme limits of the writing, representation, emblem, or other

display, together with any structural supports, materials or colors forming an integral part of the background of the display.

Sign Height Computation

- (I) **Sign Area Computation for Multi-faced Signs.** The sign area for a sign with multiple faces shall be computed by adding together the area of all sign faces visible from any one (1) point. When a sign is composed of two (2) or more sign faces, only one (1) of which can be viewed from any one (1) point, and when such sign faces are part of the same structure, the sign area shall be computed by the measurement of one (1) of the faces.
- (J) **Forfeiture of Illegal Signs Placed On or Over Public Property.** Any sign installed or placed on or over public property, except in conformance with the requirements of this section, shall be forfeited to the public and be subject to confiscation and disposal. In addition to other remedies provided by this section and the Village Code of Ordinances, the village shall have the right to recover from the sign owner and/or installer the full costs of removal and disposal of such sign.

6.4 SIGN PLACEMENT.

The following provisions shall apply to the placement of all signs in all districts.

- (A) **In General.**
 - (1) Signs must be located entirely on private property, unless otherwise permitted by this section.
 - (2) No sign may be located so that it blocks the sight triangle at any driveway or public street intersection.
- (B) **Wall Signs.**
 - (1) Wall mounted signs shall not extend above the eave or parapet of any building.
- (C) **Freestanding Signs.**
 - (1) All parts of freestanding signs must be set back a minimum of five (5) feet from the property line.

- (2) No freestanding sign shall be located closer than five (5) feet from another structure on the same zoning lot.
- (3) No portion of a freestanding sign, including projections, may extend into or over an existing public right-of-way, unless expressly permitted by this article.

(D) Temporary Signs.

- (1) Temporary signs shall be located on private property unless expressly permitted by this section to be posted on public property.
- (2) All temporary signs shall be anchored, attached, or otherwise affixed to a structure or support so that the sign cannot be easily dislodged by strong winds or heavy rains.

6.5 PERMANENT SIGNS BY ZONING DISTRICT.

Signs shall be permitted and prohibited within certain zoning districts as follows:

 - (d) Every temporary off-premise sign or banner shall be separated by a distance of 200 feet from any other such temporary off-premise sign on the same side of a street, and by a distance of 150 feet from any other sign on the opposite side of a street.
 - (e) Nothing in this provision shall be construed to authorize the posting of such signs or banners upon trees, utility poles, traffic control signs, lights or devices in any place or manner prohibited by the provisions herein, nor on private property without written consent of the owner.
 - (f) Any temporary sign not expressly permitted without a permit

6.11 PROHIBITED SIGNS.

Notwithstanding Section 6.5 and in addition thereto, the following signs, both permanent and temporary, are prohibited in all zoning districts:

- (A) Signs extending into the public right-of-way other than those expressly permitted by this article or otherwise approved by the Village Council, if placed along public streets.
- (B) Roof signs.
- (C) Flashing, fluttering, swinging, wind-activated, rotating, animated signs and other digital or electronic message or video boards, excluding flashing time and/or temperature signs that change no more than once every five (5) seconds and also excluding monument (ground) electronic message boards located on 50 acres or more of property zoned I-U.
- (D) Any sign which obstructs the view of motorists, pedestrians, or cyclists using any street, sidewalk, bike path, or driveway, or which obstructs the approach to any street intersection or railroad crossing, or which interferes with the effectiveness of any traffic sign, device, or signal.
- (E) Illuminated or highly reflective signs which hamper the vision of motorists or cyclists.
- (F) Any sign that resembles traffic signals, traffic signs, or emergency vehicle lights and any other sign not erected by a public authority which may be erroneously construed as governmental signs or emergency warning signs.
- (G) Beacons, pennants, and strings of lights not permanently mounted to a rigid background, except those permitted as temporary signs.
- (H) Any sign that interferes with free passage from or obstructs any fire escape, downspout, window, door, stairway, ladder, or opening intended as a means of ingress or egress or providing light or air except for permitted window signs.
- (I) Any sign placed on any curb, sidewalk, post, pole, hydrant, bridge, tree, or other structure or surface located on, over, or across any public street right-of-way or property unless expressly authorized by this article or the Village Council.
- (J) Off-premises signs on parcels of land that are zoned residential, used primarily for residential purposes, or which do not include an active permitted use as established by this article.
- (K) Inflatable devices or balloons.
- (L) High intensity searchlights.
- (M) Any object displayed in a manner which is intended to attract attention to a site, product, or event.
- (N) Any sign listed as not permitted in Section 6.5
- (O) Any sign not expressly permitted by this article.

6.12 ENFORCEMENT OF REGULATIONS.

Any sign, structure, or other form of advertising defined as a sign herein that is erected or placed anywhere in Misenheimer after adoption of this ordinance that is not in compliance with the provisions of this section shall be subject to the enforcement provisions outlined in Article 11 of the Zoning Ordinance.

Editor's Note:

Sections 6.6, 6.8 and 6.11 were amended 2/13/17 to allow ground mounted monument electronic message boards on I-U property of 50 acres or more, and to make conforming changes to maximum height, width and total square footage of such signs.

Sections 6.5, 6.6, 6.7, 6.8, and 6.9 were amended 6/27/17 to allow Governmental signs in all zoning districts without a permit and to make conforming changes to maximum height, number of signs per zoning lot, and total square footage of such signs and permanent signs limited to include governmental signs.

Sections 6.5, 6.6, 6.7, and 6.8 were amended 6/27/17 to allow Freestanding (Pole) signs in zoning districts H-B and M-1 permitted only upon issuance of a valid zoning permit and to make conforming changes to maximum height, number of signs per zoning lot, and total square footage of such signs.
