

## **Section 612 Park and Recreation District**

The purpose of this district is to provide for areas where the recreational needs, both public and private, of the citizenry can be met without undue disturbance of natural resources and adjacent uses. When applied to privately owned recreation lands, this district is intended to avoid the conversion of such lands to other urban uses without adequate public review and approval. The district should be used for areas designated as parks in the adopted Village Land Use Plan.
